

Akende jaoks võid vabalt kasutada ka mõnd piparkoogivormi.

Kui panna aknaaukudesse lutsukomm (enne taigna ahju panekut) peaks saama akendele ka klaasid ette. Ma ise proovinud ei ole, aga jutte olen kuulnud.

Seda auku ei ole
otsestelt vaja, ent kui
paned piparkoogilossi
küünla, kumab valgus
siit ka katuseaknasse.
